

COMPANY PROFILE

.....**We make it happen**

All Types of POS Consumables | Stationery Items | General Supplier

About Us

AL KAHF is a fast-growing distribution company in the UAE, specializing in a full range of POS (Point of Sale) consumable products, accessories, and stationery. We work closely with manufacturers in China, Korea, Malaysia, and India, serving over 1,000 customers across the GCC, Africa, and other countries, and becoming the preferred and most trusted POS consumables and stationery supplier. AL KAHF is also a leading supplier of disposable products, cleaning materials, and general supplies in the UAE. We are committed to delivering quality products at affordable prices by sourcing directly from manufacturers worldwide, with our experienced procurement team based in the Far East ensuring the best products for our clients.

Mission

Al-Kahf, we strive to provide highest level of customer satisfaction by offering the best range of products and services. Our loyal customers & consistent support from the community has helped us excel in this highly competitive market.

To be the leading provider of innovative, high-quality labeling, packaging, and POS consumable solutions in the GCC region, setting new standards in efficiency, sustainability, and customer satisfaction.

Vision

THERMAL PAPER ROLLS & RECEIPT PRINTERS

Receipt Printers

Al Kahf Group's receipt printers deliver fast, reliable printing (up to 250mm/s), with easy paper loading, automatic cutting, and versatile USB/Ethernet connectivity, ensuring efficient transactions in any business setting.

Cash Rolls

We supply a wide range of thermal roll sizes, including those for ATMs, cash registers, PDQs, credit card machines, and chip and pin devices, ensuring your business has the right paper for every transaction. Our rolls produce clear, reliable prints, maintaining readability and efficiency.

THERMAL LABELS SOLUTIONS

Labels Solution

Alkahf Group offers high-quality, customizable labeling solutions tailored to your business needs. Designed to combine practicality with professionalism, our labels ensure efficiency while enhancing your brand's appeal.

PRICING GUN LABELS

Price Gun Label

A price gun is an essential tool for swiftly applying price tags and other details to products. It simplifies retail operations by allowing users to label items efficiently, saving time and effort. Lightweight and ergonomic, price guns often feature single-line or multi-line printing options for additional information, such as dates or batch numbers.

Jolly C20 Gun Machine

The "Jolly" price gun is a lightweight and highly popular labeling tool. Built with a robust plastic body, it prints up to 10 characters on each of its 2 lines. Its enclosed label roll ensures protection and allows quick changes within seconds. Ideal for pricing, batch numbering, and numeric data marking, it works seamlessly with 26 x 16mm labels, offering efficiency and reliability in a single device.

APPLICATION

Product Packaging Label

Made from high-grade coated or thermal paper, these labels feature a strong hot melt adhesive for excellent sticking power. Suitable for a variety of surfaces including boxes, bottles, and bags, they provide a smooth finish for clear printing. Ideal for packaging, logistics, branding, and everyday labeling needs. Durable, easy to apply, and designed for lasting performance.

Logistics Label

Made with coated or thermal paper and strong hot melt adhesive. Perfect for boxes, pallets, and packages in transit. Supports high-quality printing for barcodes and tracking info. Reliable adhesion, even in demanding warehouse conditions.

Frozen Labels

Specially designed for cold and frozen environments. Made with coated or thermal paper and cold-resistant adhesive. Adheres firmly to plastic, glass, and packaging in sub-zero temps. Ideal for frozen foods, cold storage, and refrigeration logistics.

APPLICATION

Airplane Luggage Label

Durable labels made with tear-resistant paper and strong adhesive. Ensures secure attachment to suitcases and travel bags. Supports barcode and thermal printing for smooth baggage tracking. Ideal for airports, ground handling, and airline logistics.

Bottle Labels

Our moisture-resistant adhesive labels stay intact and legible in chilled and humid environments. Designed to withstand refrigerators, coolers, and high humidity, they maintain clarity and adhesion. Perfect for beverages and moisture-prone products, these labels ensure your branding remains visible and professional. Perfect for boxes, pallets, and packages in transit. Supports high-quality printing for barcodes and tracking info. Reliable adhesion, even in demanding warehouse conditions.

Food Label

Our adhesive label materials ensure clear nutritional labeling while meeting food contact safety standards. They maintain integrity in various conditions, ensuring your food products stay professional and compliant with health regulations.

THERMAL RIBBONS SOLUTIONS

Premium Wax

Enhance and protect your surfaces with Al Kahf Group's premium waxes. Offering a high-gloss finish and durable protection, our products are ideal for cars, furniture, and more. Designed to repel water, shield against UV damage, and restore the natural luster, these waxes are crafted for excellence. Trust Al Kahf Group for superior quality and unmatched care.

Premium Wax-Resin

Premium wax resin ribbons are designed for high-quality printing on various surfaces, including chromo, non-tearable, and matte finish labels. These ribbons ensure sharp, durable prints with excellent resistance to smudging, scratching, and high temperatures. Ideal for barcode labels and tags, they are compatible with most thermal transfer printers, offering reliable performance for professional labeling needs.

Premium Resin

Premium resin is a versatile material known for its durability, clarity, and high performance. It is widely used in various applications, including crafting, jewelry making, and industrial coatings. With excellent resistance to yellowing, scratches, and environmental factors, premium resin ensures long-lasting and visually stunning results. Whether for artistic projects or functional purposes, it offers unmatched quality and reliability.

Wash care Ribbons

Wash care ribbons are specialized thermal transfer ribbons designed for printing on garment and textile labels. They provide excellent resistance to washing, ironing, and dry cleaning, ensuring durable and legible prints. These ribbons are ideal for creating care labels with instructions for laundry and maintenance, offering high-quality results for professional applications.

POS, PRINTER & BARCODE SCANNER SOLUTIONS

Zebra Printers

Zebra printers provide efficient and reliable solutions for all your barcode, label, and receipt printing needs.

Citizen Printers

Citizen Printers deliver reliable, high-quality printing solutions for diverse professional applications.

TSC Printers

TSC Printers offer innovative, reliable, and cost-effective thermal printing solutions for diverse industries.

Brother PT-E110VP

The Brother PT-E110VP is a portable label printer perfect for quick, professional labeling tasks.

Brother PT-E850TKWLI

The Brother PT-E850TKWLI is a professional tube and label printer ideal for industrial labeling tasks.

Brother PT-P900

The Brother PT-P900 is an industrial label printer offering high-resolution and durable labeling up to 36mm.

Barcode Scanner Solution

Barcode scanner solutions ensure fast, accurate data capture for seamless operations across various industries.

POS

The Xtreme II, Xtreme II V2, and Xtreme Turbo V2 POS systems combine powerful processors, sleek 15" touch screens, and modular designs, ensuring high performance and versatility for various business needs.

Kraft Packaging: Aesthetic Simplicity

At AL KAHF, we embrace the timeless allure of kraft paper. Our dedication to sustainability and quality is reflected in every product we provide. Whether you're packaging sandwiches, pastries, or salads, our kraft solutions enhance the presentation of your food while aligning with your eco-conscious values.

Bagasse: Elegance in Sustainability

At AL KAHF, we take pride in offering sustainable packaging solutions like Bagasse, the fibrous residue left after extracting sugarcane juice. With its natural color and sturdy texture, Bagasse exudes an upscale, organic charm. Our Bagasse containers and plates not only provide durability but also enhance the presentation of your food, reflecting elegance while staying eco-conscious.

Paper cups

At AL KAHF, our paper cups combine functionality with sustainability. Designed for both hot and cold beverages, they are sturdy, leak-proof, and eco-friendly. These cups are perfect for serving drinks while showcasing your commitment to reducing environmental impact. With customizable designs, they also offer an excellent opportunity to promote your brand.
